

American Red Cross

ALWAYS READY™

FR1

Multi-Powered Smartphone Charger, Weather Alert Radio, and Flashlight

- Receives AM/FM and NOAA Weather Radio
- USB Smartphone Charger
- Crank Charging
- LED Flashlight

The American Red Cross encourages everyone to be prepared for emergencies and disasters. Simple preparedness actions can equip you with the necessities that can make all the difference should an emergency occur.

Small but Mighty

Small enough to store in an emergency kit, backpack or glovebox, the FR1 packs a ton of features into a super compact size. And it's mighty enough to fully charge most smartphones, play music and news, receive weather alerts, and light the night.

Radio-Ready

Stay in tune and up to date with this AM/FM/NOAA weather band digital radio with display and alarm clock. Plug in your favorite headphones for solo listening.

On Alert

When the "Alert" function is on, the radio will automatically broadcast emergency weather alerts for your area such as hurricanes, tornadoes and severe storms.

Multi-Powered

The FR1 powers up in multiple ways—via hand crank, built-in rechargeable battery, or use DC power via the included micro-USB cable to charge the FR1's built-in rechargeable battery.

Smart Charging

To charge your smartphone, simply plug your phone into the USB port and push the CELL button. The FR1 has enough power to fully charge most smartphones when fully charged.

Shedding Light

The bright LED flashlight comes in handy at home, at the office, or even in the car. Thanks to the glow-in-the-dark locator, the FR1 is always easy to find.
