ALWAYS READY™

FRX3+

All-Purpose Weather Radio and Portable Phone Charger

- Receives AM/FM and NOAA Weather Radio
- USB Smartphone Charger
- Hand Turbine and Solar Power Charging
- LED Flashlight and Beacon
- Alarm Clock
- Emergency Siren

Be Prepared and In Charge

Keep your household prepared with the FRX3+. The hand turbine rechargeable FRX3+ is a preparedness radio with AM/FM, all seven NOAA (National Oceanic and Atmospheric Administration) weather band stations, and the "Alert" system. When the "Alert" function is on, the radio will automatically broadcast emergency weather alerts for your area, such as hurricanes, tornadoes, and severe storms.

Multi-Powered Preparedness

The FRX3+ can be charged by solar, hand turbine or DC power, so you're always prepared. Spin the hand turbine for one minute to get 10-15 minutes of radio and flashlight use, or place the FRX3+ in the sun for a passive charging option.

Charge Your Mobile Device

The USB charging port makes the FRX3+ a renewable power source for your other devices. Plug your phone into the USB port and power will automatically charge your phone, just like plugging into the wall. With a 2600 mAh rechargeable battery, the FRX3+ provides 1.5 charges for most smartphones.

Glowing Locator and Emergency Features

Find your devices easily at night with the glow-in-the-dark locator. The FRX3+ also features an LED flashlight, red flashing beacon, and emergency siren, so you can feel secure in any situation.
