

# Blackout Buddy CO

## ALWAYS ON ALERT

Carbon monoxide (CO) is odorless, colorless and toxic. Which is why you need a super reliable CO alarm to keep you safe at home and in the office. **Blackout Buddy CO** does all that and more. It's UL 2034 certified and will blast an alarm and flash its light to warn you when your CO levels are too high.

## LIGHT THE WAY

Blackout Buddy CO works triple duty, 24/7—detecting CO levels in the air, flashing light where you need it, and shedding light on dark passageways or children's rooms.

## READY FOR EMERGENCIES

When the power goes out, the Blackout Buddy CO automatically turns on. And thanks to the rechargeable lithium battery you'll have hours of emergency light to guide you. With its 7 year limited warranty you will be ready now and for the long haul.

# The Amazing, Alarming, Three-In-One Carbon Monoxide (CO) Alarm, Flashlight and Nightlight

## PLUG AND PLAY

Just leave the slim and trim Blackout Buddy CO in your wall socket and you'll never be in the dark. We suggest plugging it in to a low wall socket because that's the ideal position for CO detection.

## IN A FLASH

Fold up the prongs and you've got a handy dandy, super bright 3 LED flashlight. When it's fully charged you'll have one hour of flashlight time and 7 days of CO alarm time.

## LIGHT UP THE NIGHT

Blackout Buddy CO also has an optional LED nightlight, so you can keep bedrooms, hallways, and offices illuminated.

## FEATURES

- Alarm and light to warn of high CO levels
- Automatic light during power failure or blackout
- Retractable plug to use as handheld flashlight
- Nightlight with optional on/off
- Slim design to fit close to wall when plugged in
- Flashlight lasts 1 hour on full charge
- CO alarm lasts 7 days on full charge
- Internal rechargeable 350 mAh NiMH battery
