

Hand Turbine AM/FM/NOAA Digital Weather Radio with LED Flashlight

FRX1

The **FRX1** is a rechargeable hand turbine AM, FM and weather band digital radio, complete with LED flashlight and glow-in-the dark locator to easily find it at night or during a power outage. There is also an option for AC power (mini-USB included) and headphone output for individual listening.

For portable preparedness, take along the FRX1, a self-powered AM/FM/NOAA Weather band radio. Crank the hand turbine for 60 seconds and get 15-20 minutes of music, news, and 24/7 weather updates. The bright LED flashlight is handy to have in the glove compartment, while camping and for everyday. The FRX1 is really easy to find thanks to the glow-in-the-dark locator around the rim of the flashlight, so you're ready for anything.

Hand Turbine AM/FM/NOAA Digital Weather Radio with LED Flashlight

HAND TURBINE TECHNOLOGY

Eton's FRX Series has long, durable hand turbine handles that tuck neatly into the unit when not in use.

GLOW-IN-THE-DARK LOCATOR

The glow-in-the-dark bezel will help you find your FRX1 and the super bright 3-LED flashlight will then help you find your way around!

Broadcast your tunes or plug in some headphones for individual listening. The FRX1 also has an input for AC power (mini-USB cord included).

ADDITIONAL FEATURES
