And it's easy to set the station spacing and frequency so your stations come in loud and clear wherever you are.

GET TUNED IN

Tune manually, auto, by memory or ATS (Auto Tuning Storage) no matter how you tune in, you'll see your selected station in high-contrast, bright orange on the LCD display. When you want to tune in solo, just plug in your favorite headphones.

RDS READY

The Traveler radio features RDS for FM so you can see the station's call letters, style of music, song title, artist and more.

NOW HEAR THIS

When listening to AM stations, simply rotate the radio for the best reception, thanks to the internal antenna. For enhanced FM and SW reception, simply pull up the telescoping antenna.
