

# The Rugged, Smartphone Charging Weather Alert Radio with Solar Power

## FRX4

### READY FOR ANYTHING

This rugged<sup>1</sup>, rechargeable weather alert radio is designed to keep you in the know, on the go—rain or shine. With a 1000mAh rechargeable lithium battery, large solar panel and hand turbine power generator, you'll never be out of touch or in the dark again.

### ON ALERT

When the "Alert" function is on, the radio will automatically broadcast NOAA emergency weather alerts for your area such as hurricanes, tornadoes and severe storms.

### LISTEN UP

This AM/FM/NOAA weather band radio keeps you in tune and up to date. The digital tuner and back-lit display make it easy to find and see your stations. In the mood to listen alone? Just plug in your favorite headphones.

**4 MINS OF CRANKING  
= 10-15 MINS\***  
of music, weather, and news

\*depends on radio volume

### QUAD-POWER

The FRX4 powers up in four fabulous ways—via solar panel, hand crank, built-in rechargeable lithium battery, or alkaline batteries.

- am|fm NOAA: AM/FM and NOAA Weatherband Radio
- Smartphone icon: 1/2 Charge to Most Smartphones
- Solar icon: Solar Charging
- Crank icon: Crank Charging
- USB icon: USB Charging
- Battery icon: Alkaline Battery Option
- Flashlight icon: LED Flashlight and Beacon
- NOAA Alert icon: NOAA Weather Alerts

# The Rugged, Smartphone Charging Weather Alert Radio with Solar Power

## ALL JUICED UP

Put the FRX4 in the sun and the built-in solar panel will charge the battery fully in 5-6 hours. Crank the hand turbine for four minutes and you'll produce enough power for 10-15 minutes of music, news and weather or one minute of talk time. You can also use the micro-USB cable to fully charge the FRX4's built-in rechargeable battery in two hours or less.

## SAY HELLO

To charge your smartphone, simply plug it into the 5V=1A USB port. Power will automatically "dump charge" to your phone, just like plugging into the wall. Fully charged the FRX4 will provide a 50% charge to most smartphones.

## BRIGHT STUFF

With its super bright LED flashlight with dimmer, red emergency beacon and the cool glow-in-the-dark locator, the FRX4 will light up the night.

## WEATHER OR NOT

The FRX4 has an IPX4 splashproof rating<sup>2</sup> so neither sleet, nor snow, nor rain will hamper its performance. Ideal for camping trips or outdoor adventures.

## FEATURES

- AM/FM/NOAA Weatherband
- NOAA Weather Alerts
- Digital display
- 1000mAh rechargeable lithium battery
- 5V=1A USB output
- Hand crank power
- Rugged<sup>1</sup> and IPX4 splashproof<sup>2</sup>
- High efficiency solar panel
- Bright, long-lasting LED flashlight
- Red emergency beacon
- DC power input via included micro-USB cable
- Glow-in-the-dark locator
- Headphone jack
- 3-AAA battery option (batteries not included)
