

GRUNDIG EXECUTIVE SATELLIT

AM/FM/LW/Shortwave Radio with SSB

eton
EMPOWERED BY NATURE

GRUNDIG EXECUTIVE

DECADES OF EXCELLENCE

With over seven decades of Grundig heritage and quality engineering, the Grundig Executive Series is getting better and better. The latest arrival, the Grundig Executive Satellit, is no exception. This latest innovation delivers the best performance in radio reception and audio quality and it has the looks and style to match. The Grundig Executive Satellit comes in an elegant leather case with craftsman stitching that signifies elegance in its finest form.

NOW HEAR THIS

The Executive Satellit receives every radio wavelength—AM(MW), FM, LW, and Shortwave (SW)—at home or abroad. Plus, it receives VHF aircraft band, Single Sideband (SSB) and includes a PLL tuner so your AM signal is strong and clear.

RDS READY

The Satellit radio features RDS for FM so you can see the station's call letters, style of music, song title, artist and more.

IN SYNC...AND SENSITIVE

The Satellit's Sync Detector improves the radios sound quality by lowering distortion and fading. And it's way more sensitive so it can pick up weaker signals.

GRUNDIG EXECUTIVE SATELLIT

AM/FM/LW/Shortwave Radio with SSB

LISTEN IN

Want to shut out the world? Just plug in headphones and tune out. Tired of radio? Connect any audio device using the line input and listen to your favorite playlist.

TIME KEEPER

The Executive Satellit features local and world time settings, radio and buzzer alarm clock settings, sleep timer, and time backup. The bright orange LCD display with backlighting makes it easy to keep time...in any zone.

GREAT MEMORY

You'll never forget where to tune in thanks to the 700 station memory storage for all frequencies.

GET POWERED UP

Plug in the AC adapter (included) for full power or use 4 AA batteries (sold separately). The battery strength indicator on the display will let you know when it's time for a change.

FEATURES

- AM/FM/LW/SW bands
- FM with RDS (Radio Data System)
- Single sideband (SSB) with +/-1 kHz tuning
- VHF Aircraft band
- Automatic or Manual Digital Tuning
- FM stereo/mono selection
- Electronic/volume/treble/bass control
- Sync detector with selectable sideband
- Direct key-in meter band for SW
- 700 memory stations
- PLL synthesized dual conversion receiver
- Local/DX switch
- Local/world time zones
- Clock/Alarm/Sleep Timer with time backup
- Rich orange LCD display
- Reset/Lock button
- FM telescopic antenna
- Power supply: Micro-USB cable with AC adapter or 4 AA batteries (sold separately)
- Leather case with craftsman stitching

SHORTWAVE BANDS

| | |
|-----|--------------------|
| AM | 520-1710 kHz (10k) |
| FM | 87.5-108 MHz |
| LW | 150-285 kHz |
| SW | 17.11-30 MHz |
| AIR | 118-136 MHz |
