In style. This slim, sleek and super advanced weather alert clock radio will make sure you're safe and sound and in the know. Beacons flash and warnings blare to keep you aware and informed.

STAY ALERT

With S.A.M.E. technology (specific area message encoding), just enter your S.A.M.E. county code and if there's a weather alert, advisory or warning you'll see it—with flashing red, orange or green lights—and hear about it, too. You can set up to 25 locations so you'll be safe, wherever you are.
