

## Cheryl Winger - Stripology Certified Instructor

I struggled with quilting until I purchased the Stripology Squared Ruler and Stripology Squared pattern book in the summer of 2019.

I completed Fractions and Algorithm quilts on my own. Then, when COVID arrived and my guild was unable to meet, I began following Gudrun on her Facebook, Website & YouTube sites. That's when things really changed!

<https://www.facebook.com/gequiltdesigns>

<https://gequiltdesigns.com/>

YouTube – GE Designs – Tippy Tuesday - One Yard Wednesdays – Happy Friday and several instructional videos – search GE Designs 101

I've since participated in 2 online retreats and other quilt-a-longs. Using GE Design rulers and patterns has revolutionized my ability to quilt! I now own all the GE Design Rulers and almost all the Books and most of her tools as well. I've made several GE quilts for my family and friends.

Gudrun's idea to use ½ yard bundles allows you to make 2 lap quilts from one 12 Half – Yard bundle plus a background fabric. Her most recent book **Stripology 3** has tips on pairing of quilts.

Most recently, I have attended Gudrun's Stripology Certification Course at her warehouse in Chaska, Minnesota. I can't wait to help others discover the magic of Stripology Quilting using GE Design Rulers, Patterns, Fabrics & Tools.

## My Classes

Half-day course on **Mastering Your Stripology Rulers** with demonstration and practice.

**Full-day Quilt workshops** on the following quilts:

1. **Jojo** – Uniquely cut out using the Stripology Rulers and found in **Stripology Mixology 2**. This is a quick and easy quilt for beginners. It's found in the Stripology Mixology 2 book. It works with light and dark 10" squares. I did the one below – start to finish (free motion quilting included) in just 2 weeks.

2. **Athena** - More Complex looking quilt  
This quilt from **Stripology Mixology 2** is for intermediate to experienced quilters. It looks like it was done with lots of triangles, but it was made the GEasy Way!

3. **Matrix** – More Complex looking quilt  
This quilt from **Stripology Squared** is for intermediate to experienced quilters. It has half and quarter square triangles plus sashing that will give you lots of practice with your scant  $\frac{1}{4}$ " seams. Below are my first 4 blocks.
