

Connie Merrill

GE Designs

Certified Stripology Instructor

218-790-0361

I have been quilting for almost 20 years, it is truly a passion of mine. Spending time in my sewing room is my “happy” place!

I live on a Lake, and it is so quiet and peaceful in the winter, that I lose all track of time when I am quilting.

I would love to share my knowledge that I have learned over the years with anyone that is interested!

I have become a Certified Stripology Instructor and I am offering a class based on the book “Master Your Stripology Rulers”. If you have just one, or all of them and want to learn everything they can do, this is the class for you.

Half Day class will cover cutting strips, squares, rectangles, 60 and 45 degree angles, $\frac{1}{4}$ ” and $\frac{1}{8}$ ” cuts, half square triangles, quarter square triangles and flying geese.

Full day class will cover all the above along with making a small table topper or runner .

If you are interested in a class featuring a GE Designs pattern, lets discuss, there are so many options.

Currently I am featuring:

Nellie, Emma and Lexi

But I have completed most of the GE Patterns, so if there is one you are interested in, let me know!!
