

## Monthly Guided Brewery Tour and guided Tastings for 2020.

Get closer to the highest quality brewing ingredients and learn more about the malting and brewing processes that make Malt Ales (and Malt-Craft beers) so good.

Tours start with a guided tasting from 3pm followed by a look around the brewery with the Brewer or The Trainee Brewer.

When the tour concludes, you'll head back to the Tasting Bar for a pint of your choice. When you're ready to leave, you'll be offered a Malt glass to take home as a souvenir. (You're welcome to hang-out with us and other customers until we close at 7pm).

All Malt 'Tourists' enjoy a 10% discount off Malt Ales on the day of the tour. [\(T&C's apply\)](#)
