INSTRUCTIONS

1971 AUTOMATIC

INTRODUCTION

To name each model, we looked back in time to find important moments in the history of horology to acknowledge those milestones

Historical and memorable moments in Swiss horology is not only a chapter, but a whole book of its own - and 1971 is an important year to note.

Swiss Made standards have changed over time and where not always defined by law. 1971 was the year of the Swiss Made trademark, which also defines the standards for bearing s Swiss Made timepiece today - therefor our first Swiss Made timepeice carry the name
1971 AUTOMATIC

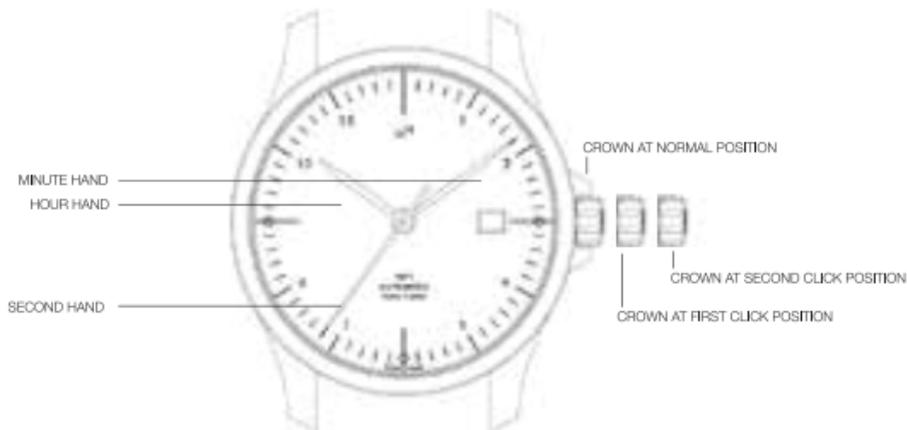

For us, Vintage is not just a reference of style - it is also the journey to actually becoming vintage.

The journey (Life) will take you through eventful moments and memorable days to occasions that change your whole perspective.

We hope that one day your About Vintage watch will help you bring back memories of the special times in your life.

HOW TO SET TIME

1. Pull out the crown to the second click position.
2. Turn the crown to set hour and minute hands.
(Check that AM/PM is set correctly.)
3. Push the crown back into the normal position.

HOW TO SET DATE

1. Pull out the crown to the first click position.
2. Turn the crown clockwise for date setting.
* Do not set the date between 9:00 P.M. and 4:00 A.M. as this will cause a malfunction.
3. Push the crown back into the normal position.

HOW TO WIND UP THE MAINSPRING

1. Rotate the crown clockwise at normal position.
2. Wind turning the ratchet wheel screw 8 times. It will start to move naturally after shaking slightly.
(with winding machine. Full wind up conditions
rotary speed : 30 rpm Operating time : 60 minutes)

ACCURACY

1. Standard grade with an average rate of +/-12 seconds/day. Maximum variation of +/-30 seconds/day

FOR THE TRUE GENTLEMAN AND WOMAN

We are profoundly grateful.
Thank you for your support.

Take good care of your new timepiece.
Make moments, give it history
- let it become vintage.
