1 Applies when you call or send messages within or between EU/EES countries and to Sweden. The data amount can be used in EU/EES to a maximum of 50G/month

2 The monthly fee is debited in advance.

3 Charged per 60 second interval.

4 When ordering content services, messages are debited at the regular rate. Any content

(e.g. ring tones, directory enquiries or Java games) are debited in addition to the rate for the message. The fee is charged even if the message does not reach the recipient.

5 When the data amount is exhausted, you have the option to buy extra data. Unused data can not be saved for the following month.

6 Maximum one Extra card per subscription. The data amount included is divided between the subscriber Jobbmobil Bas/Jobbmobil Multi and the extra card.

7 Also includes data traffic in Telia Wifi Zones in Sweden, Denmark, Norway, Finland and Lithuania – with unlimited data traffic.

8 Data Only Devices can be added to

Jobbmobil Multi and Jobbmobil Bas is an additional sim card designed for mobile internet on other devices. The data allowance is shared between Jobbmobil Multi and all other sim cards.

9 Can only be amended to Jobbmobil Multi.

10 The data amount can be used in EU/EES to a maximum of 50G/month.
