HANLEY TRADITIONAL TILES

Handcrafted using English white earthenware clay, this traditionally made tile collection includes a range of field tiles in different sizes, along with matching baseboards, liner tiles, corner pieces, dado trims and bullnose versions. Use them in any number of formations, from classic subway to graphic chevron.

We have selected the enclosed 30 glaze colours and 22 sizes as a starting point for our clients, but custom sizes and colours are available upon request. These tiles also provide the foundation for our highly decorative Hanley Tubeline Collection, which can be mixed in with these solid colour tiles for embellished borders or other decorative details.

As with all handmade products slight variations will occur, be it subtle irregularities in shape, shade or crazing. This will not affect the performance or serviceability of the tile. In fact, it adds to the unique characteristics of a handmade product. You may even spot the tile-maker's fingerprints on the underside.

Due to the intricacy of the production, these tiles are suitable only for smaller-scale projects under 150sqm.

LEAD TIMES

All tiles are made to order in 6-10 weeks depending on order size. Custom orders (beyond our palette of 30) are available at additional cost and will add time to your order. There is no minimum order.
