JP DEMEYER FEARLESS EYES

Made in collaboration with Belgian interior designer, Jean-Philippe Demeyer, this assortment of 15 tiles draws on a vast collection of eye motifs Demeyer has gathered during his travels. Inspirations include the eyes from a handbag spotted in Capri, Maltese and Greek fishing boats, and an Egyptian eye found on a vase in the Paris flea market. Demeyer worked with Belgian artist Pablo Piatti to translate these specimens into illustrations which form the foundation of this collection.

The Fearless Eyes tile range—so named because the eye is a symbol against evil, according to Demeyer—is handcrafted from earthenware in Stoke-on-Trent using our tube lined process. Tiles are available in eight colourways as standard and can be mixed with other sizes and shapes from Balineum's Hanley collection. Additional colours from the Hanley range can be ordered upon request.

As with all handmade products slight variations will occur, be it subtle irregularities in shape, shade or crazing. This will not affect the performance or serviceability of the tile. In fact, it adds to the unique characteristics of a handmade product. You may even spot the tile-maker's fingerprints on the underside.

Due to the intricacy of the production, these tiles are suitable only for smaller-scale projects under 15sqm.

LEAD TIMES

All tiles are made to order in 10-12 weeks depending on your order size. Custom colours and sizes are available upon request and will add time and cost.
