WAYNE PATE - TILE COLLECTION 1

Made in collaboration with artist Wayne Pate, this collection translates a curated assortment of Pate's artwork onto decorative tiles. Compositions are steeped in tradition—Pate finds inspiration in architecture and the classical elements of decoration—but the self-described alchemist reconfigures fragments in contemporary ways. Designs include painterly geometrics and curvaceous silhouettes of flora and objects. Each piece is hand painted on terracotta by artisans in Italy, capturing Pate's light hand and imaginative vision.

The collection encompasses 3 abstract square designs, 5 rectangular vignettes and a tulip motif that has been expanded into a series of 12 squares. Use them on repeat as a decorative border, grouped together to create an artistic panel, or mixed in with our solid colour Series S tiles.

As with all handmade products slight variations will occur, be it subtle irregularities in shape, shade or crazing. This will not affect the performance or serviceability of the tile. In fact, it adds to the unique characteristics of a handmade product. You may even spot the tile-maker's fingerprints on the underside.

Due to the intricacy of the production, these tiles are suitable only for smaller -scale projects under 50sqm.

LEAD TIMES

All tiles are made to order in 8-10 weeks depending on order size. Custom colourways, sizes and installations are available upon request, and will add additional cost and time to your order.
