

2019 CATALOG

HEROES AREN'T BORN, THEY'RE MADE.

At Rasco, we have tasked ourselves with clothing and protecting the many heroes who are subject to the dangers of the world as part of their daily work. Our mission is simple yet important: Rasco is dedicated to making workwear that is safe, comfortable and affordable. Our core belief is that safety comes first and that it should always be affordable. It is our steadfast dedication to this belief that makes Rasco -

FIRST IN SAFETY®

Over the past year, Rasco has been busy putting together an all-star combination of new fabrics and garments that we are excited to share with you in this catalog. Our garments are specially designed to protect workers from electric arc flashes and flash fire hazards, and are guaranteed to be flame resistant for the useful life of the garment provided that the clothing care instructions are followed. Rasco has been making workwear since 1988 and FR workwear since 2001. Our factory is ISO 9001 certified, which guarantees top quality.

SAFETY STANDARDS

For more information regarding any of these products, please visit www.rasco.com

1 CATEGORY 1 PROTECTION

Arc-rated FR garments with a required minimum ATPV of 4 cal/cm² as determined by ASTM F1959.

2 CATEGORY 2 PROTECTION

Arc-rated FR garments with a required minimum ATPV of 8cal/cm² as determined by ASTM F1959.

3 CATEGORY 3 PROTECTION

Arc-rated FR garments with a required minimum ATPV of 25cal/cm² as determined by ASTM F1959.

4 CATEGORY 4 PROTECTION

Arc-rated FR garments with a required minimum ATPV of 40cal/cm² as determined by ASTM F1959.

NFPA 2112- CERTIFIED BY UL

Rasco FR offers flame resistant protective garments that are certified by Under-writers Laboratories to meet the requirements of NFPA 2112 Standard on Flame Resistant Garments for protection of Industrial Personnel Against Flash Fire, 2012 Edition. UL has certified that Rasco FR garments are compliant with NFPA 2112 after 100 industrial washes.

ASTM F1506- CERTIFIED BY UL

ASTM F1506, 2010A Standard Performance Specification for Flame Resistant and Arc Rated Textile Materials for Wearing Apparel for Use by Electrical Workers Exposed to Momentary Electric Arc and Related Thermal Hazards requires a sample of flame resistant fabric to self extinguish with less than 2 second after flame and a less than 6 inch char length. The FR fabric must also pass these requirements after 25 washes/dry cleaning. Rasco FR garments are certified by Underwriters Laboratories to meet the requirements of ASTM F1506, 2010A.

ANSI/ISEA 107-2015

The American National Standard for High-Visibility Safety Apparel and Headwear (ANSI/SEA 107-2015) provides guidelines for the selection and use of high-visibility safety apparel to improve worker visibility during the day, in low-light conditions and at night. Certain Rasco FR garments are designed to be compliant with ANSI 107-2015.

HW

HOME WASH

Home Wash- Laundering in a residential washing unit followed by tumble drying.

IL

INDUSTRIAL LAUNDRY

Commonly used to remove heavy soil at a higher water temperature (160°F). pH should be held at 11.5 max.

NFPA 70E

Requires employees to wear flame resistant clothing with an ATPV, or cal rating, equal to or greater than the determined arc hazard. Rasco FR garments are marked with an ATPV rating so that they can be worn to meet NFPA 70E standards.

OSHA 1910.269(I)(6)(III)

Rasco FR garments are compliant with OSHA 1910.269(I)(6)(iii).

CSA Z96-15

Canadian Standards Association requirement for high-visibility safety apparel. This standard is to ensure a minimum level of visibility is maintained in the workplace.

CSA Z462

This standard addresses electrical safety requirements for Canadian employees. CSA Z462 is aligned with the U.S. standard, NFPA 70E.

CGSB 155.20

Meets the minimum requirement for performance of workwear worn for protection against exposure to hydrocarbon flash fire.

FABRIC GUIDE

Use our fabric guide below to help you select the optimal Rasco fabric for any situation. Our comprehensive range of options guarantees a fit for a wide variety of safety applications.

WESTEX ULTRASOFT®

Westex UltraSoft® has become the fabric of choice. It earns a strong reputation of providing multi-hazard protection along with excellent comfort and value.

FLAMESHIELD- 100% FR COTTON

Our Flameshield cotton fabrics offer the comfort of cotton with the benefits of flame resistant protection. Flameshield fabrics are specially designed to guarantee flame resistance for the useful life of the garment.

WESTEX ALLOUT®

Designed for inclement weather conditions, Westex AllOut® fabrics are water and wind resistant.

FLAMESHIELD COMFORT- FR 88% COTTON, 12% NYLON

Our Flameshield Comfort fabrics combine the comfort of cotton with the added durability of nylon. Flameshield Comfort fabrics are specially designed to guarantee flame resistance for the useful life of the garment. Rasco Flameshield Comfort is recommended for foundries, electrical utilities, and the chemical, oil, gas, and petrochemical industries.

WESTEX DH®

Westex® DH provides outstanding breathability and optimized moisture management to keep the wearer cooler, drier and more comfortable. An excellent choice for arc flash, flash fire, and molten metal splash protection.

FR HIGH VISIBILITY RAINWEAR

Rasco now offers flame resistant high visibility rainwear that protects from the elements of wind and rain, while also providing FR protection and the additional safety during limited visibility. Rasco's High Visibility Rainwear is suitable for a wide range of industries that are exposed to such risks.

WESTEX INDURA®

Westex® Indura was the first cotton fabric engineered to provide guaranteed flame resistance for the life of the garment. Best used in the metals industry and with budget-conscious contractors.

VENDOR RESOURCES

PURCHASING RASCO

Rasco cannot be purchased directly by end users. For assistance locating an authorized retailer or Rasco, please visit our website at www.rasco.com

PRODUCT RETURNS

For the latest information regarding Rasco product returns, please visit our website at www.rasco.com/return-policy.

GARMENT CARE

Please review the care label attached to your Rasco garment so that you can properly care for your garment.

AUTHORIZED RASCO RETAILER

Interested in becoming an authorized Rasco retailer? Contact us directly at 1.800.472.7265 for more information or fill out our Become a Distributor form on our website.

SWAG AND SUPPORT RETAILERS

Rasco has hanging signs, rack signs, stickers, window decals, and banners available for authorized Rasco retailers. Contact us to have a sign or banner sent to you with your next order.

Questions about sizing? Call 1-800-472-7265

**Pants & Bibs Inseam Lengths Available:* Short 30", Regular 32", Long 34", X-long 36"

***Coverall Inseam Lengths Available:* Short 30", Regular 32", Long 34"

NECK: Measure around the base of your neck

CHEST: Measure just under your arm & across your shoulder blades & level across the fullest part of your chest

INSEAM: Measure pants that fit you well. Lay them flat with the front & back creases smooth. Measure the inside seam from the crotch to the bottom hem. If your measurements fall between a size, buy the larger size.
