RING SIZE CHART

STEP NO. 1

Find a ring that you (or your partner) wear regularly.

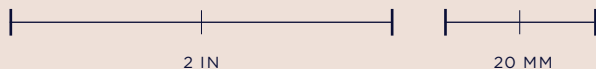

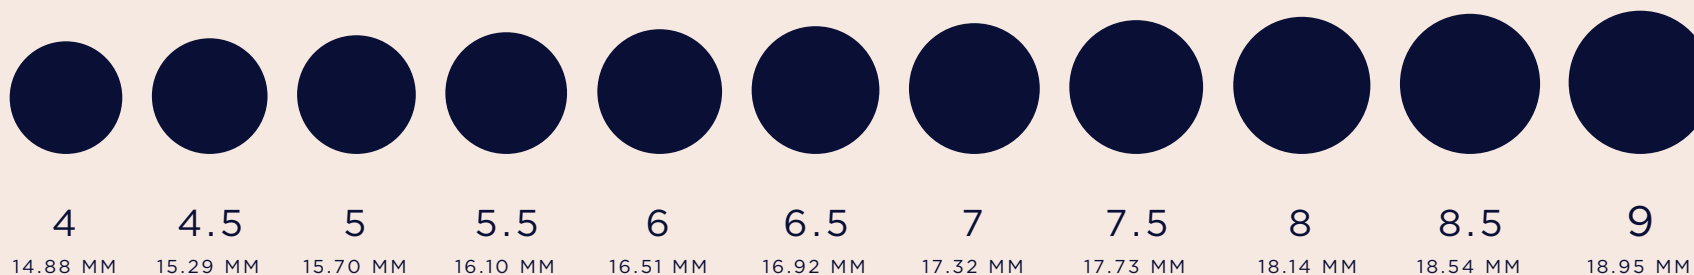

For your partner, preferably one she wears on the ring finger of her left hand.

STEP NO. 2

Place the ring on top of this print out, matching the inside edge of the ring, (the inside diameter) to the circles below.

STEP NO. 3

If the ring falls in between sizes, order the larger size. If it doesn't fit, we'll re-size it for free.

Please ensure that these rulers measure 2 inches or 20 millimeters, respectively when printed. These measurements are for reference, please use a professional ring sizer for the most accurate results.
