## ABOUT US

Introducing the Stellareese Collection - a wine country collection that was born from nearly two decades of experience in the wine industry. Understanding the needs of winemakers and wine sales representatives inspired us to create functional bags of the highest quality, designed to meet the demands of wine professionals.

What started as a solution to fill a gap in the bag and carrier category for the wine industry quickly became a favorite among wine enthusiasts of all kinds. The multi-use nature of our bags is what sets us apart from other wine carriers. Whether you're heading to a picnic, concert in the park, wine tasting event, or bringing a special bottle to dinner, our Stellareese Collection bags have become a fashionable staple for many wine lovers.

Rachel Stellareese Davies, a former winemaker turned bag designer, discovered a way to merge her passion for wine and love for fashion by creating a purse with bottle pockets that quickly became an entire line of wine totes and bottle carriers. Embraced by the wine community and beyond, our bags are now beloved by all who appreciate quality craftsmanship and innovative design.

We handcraft all of our bags in our family's artisan shop located in Chiang Mai, Thailand. Each of our materials is hand-selected, and our canvas is custom-dyed and stone-washed for a unique finish. Quality construction, innovative design, and functionality are at the core of our business.

We offer branding and custom design services with low minimums to suit your needs. If you're in the Napa Valley area, our studio on Howell Mountain is available for visits by appointment.

*Rachel Stellareese Davies*

## WINE COUNTRY COLLECTION

---

Revered by wine industry professionals and wine lovers alike.  
Hand crafted of top quality cotton canvas and cow hide leather these  
bags are made to be fashionable AND functional.

## BOTTLE POCKET INTERIORS

## BOTTLE CARRIERS

CREATED FOR WINE  
PROFESSIONALS,  
BELOVED BY WINE  
DRINKERS

---

Our bottle bags are available in 2, 3, and 6-bottle versions, and they're built to carry the load. They're designed to carry wine and crafted to be dual-use, making them a versatile addition to your bag collection. The waterproof and insulated interiors come with removable liners, allowing these bags to transform from a wine carrier to a picnic tote, concert in the park bag, laptop carrier, and more.
