

COMBI SEAL 1.8L

DURABLE HI-IMPACT ABS ENCAPSULATED METAL SEAL

Strong and durable plastic bodied cable seal with 1.8mm wire designed to provide enhanced security and clear tamper evidence.

Features:

- Customisable wire lengths to suit a wide range of applications
- Non-preformed galvanised cable unravels when cut to prevent resealing
- Optional encapsulated wire tips for OH&S
- Plastic body enhances durability in adverse conditions
- Self-locking mechanism ensures secure locking without need for tools
- Longer plastic coated body allows greater customisation options while providing high visibility and easy readability
- Laser etched markings with unique Serial Number and Barcode
