REV/AIR

We know this isn't the big box
you were hoping for but,
this little note is your confirmation
that you are the proud new owner of a
RevAir Reverse-Air Dryer!

See?! Good things really do
come in small packages.

RevAir is one of the hottest must-haves
for the beauty savvy like you, and
we guarantee it will be
worth this short wait.

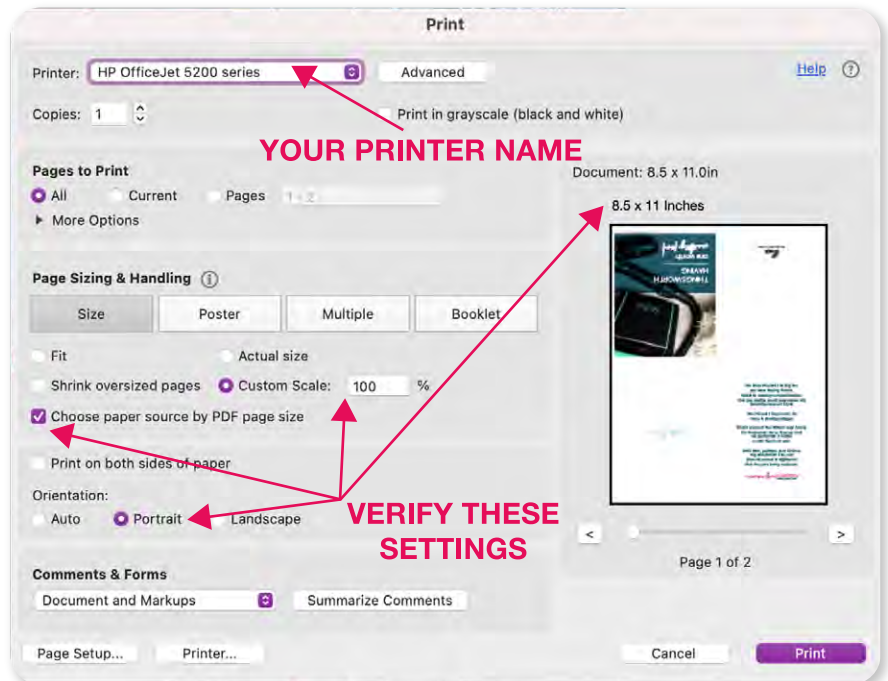

Until then, perhaps use this time
to gently break it to your
blow dryer and straightener
that they are being replaced.
