## Finishing:

Weave in your ends, block lightly to smooth out stitches.

Whether you are using commercially dyed yarn or lovely hand-dyed skeins, please keep in mind that colours might bleed. None of the examples shown bled, but I always knit up a sample and wash it as you would your finished item to be sure. Please use common sense, reds and crazy pinks tend to bleed the most, any red/white combo is probably not a good idea. (We separate laundry, right?) To minimise bleeding, gently soak the swatch and finished item in cold water with a mild detergent or wool wash. The gentler you wash your project the better it will look over time.
