CARE NOTES

Whether you are using commercially dyed yarn or lovely hand-dyed skeins, please keep in mind that colours might bleed. None of the examples shown bled, but I always knit up a sample and wash it as you would your finished item to be sure. Please use common sense - reds and crazy pinks tend to bleed the most, any red/white combo is probably not a good idea (we separate laundry, right?). To minimise bleeding, gently soak the swatch/finished item in cold water with a mild detergent or wool wash. The gentler you wash your project the better it will look over time.
