

KNIT KNIT HAT

by Beata Jezek

Super quick and easy! This hat has the simplest possible construction to showcase any special bulky yarn and to save on yardage. Great for beginners and really cute to wear. Only one skein needed.

YARN

1 skein Hedgehog Fibres Chubby, 50m/100g. Shown in Zephyr and Fool's Gold.

NEEDLE & NOTIONS

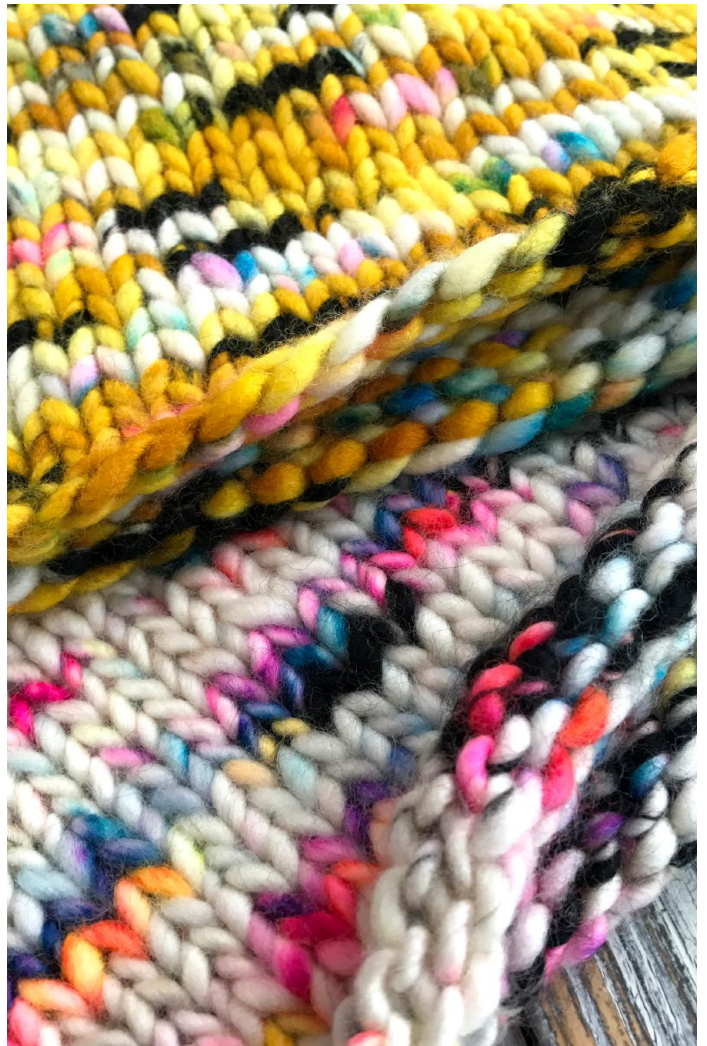

8mm circular needle
Tapestry needle

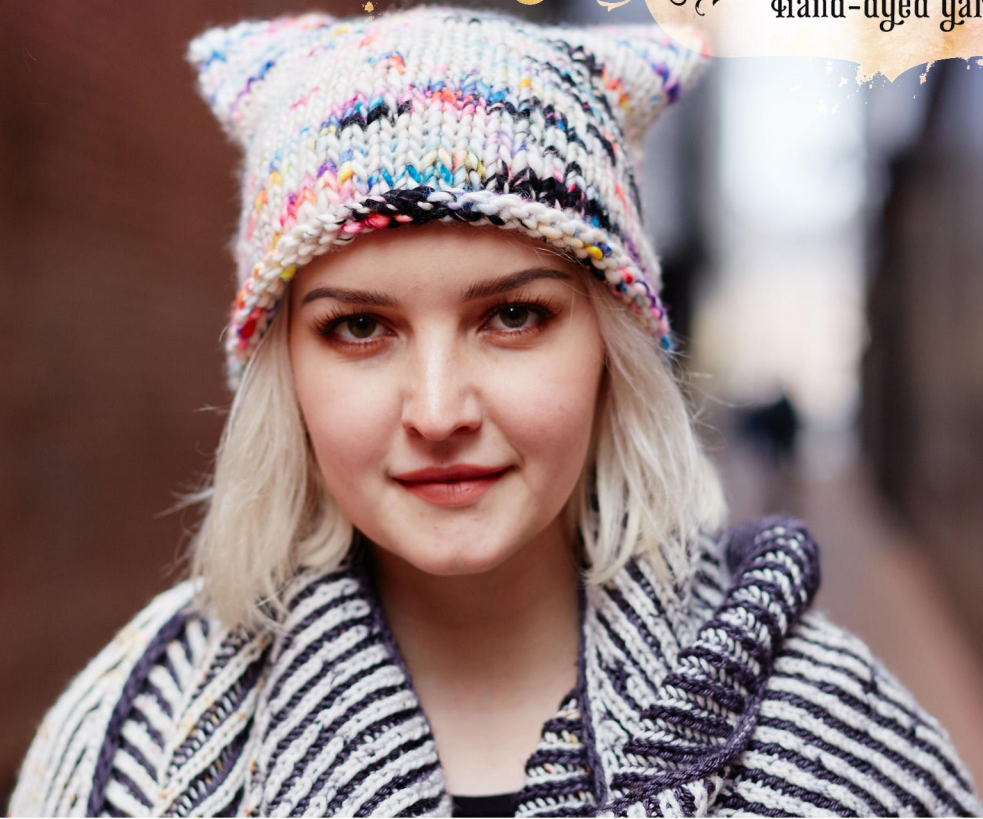

GAUGE

11 stitches and 16 rows is 10cm in stockinette in the round.
Gauge measured after washing and laying flat to dry.

FINISHED MEASUREMENTS

Circumference of about 45cm and about 20cm deep. I stretched it slightly to make the hat deeper during blocking.

INSTRUCTIONS

Cast on 50 stitches using German Twisted cast on or other stretchy cast on method. Join in the round and knit about 30 rounds, or until you are nearly out of yarn. Make sure you have 25 stitches for each half. Join stitches using Kitchener Stitch. The length of yarn needed to complete the Kitchener Stitch is about 3 times the width of the hat, plus a little bit to weave in the end.

Weave in the ends and block lightly, stretching it lengthwise to add depth.
