

The Dax Low is a modern and clean low voltage path light. At 11 inches high, this dark, compact, and sleek fixture casts a warm and distinct triangular beam that is sure to leave a long-lasting first impression. Dax pathlights come in two different heights and both consume 4.5 VA with a high CRI of 92.5.

The adjustable light source can be tilted and adjusted 360 degrees to ensure the perfect light angle and distribution for every application
