

Dream Tile
PROJECT

PLANNING WORKBOOK

WHAT'S INSIDE:

1. Step One: Get Inspired
2. Step Two: Project Details
3. Step Three: Measure Your Space
4. Step Four: Talk to a Designer
5. Step Five: Make a Plan

WHO WE ARE

We're a passionate group of creatives dedicated to helping you design the space of your dreams. We believe everyone should have their own private sanctuary no further than a room away.

Whether you're looking to redo your kitchen, bathroom interior or exterior... let us be the team that helps you bring your imagination to life - one handcrafted tile at a time.

STEP ONE: *Get Inspired*

GET SOCIAL

We love posting our favorite images of our tile to inspire! Browse through our website, Instagram, Pinterest and Houzz to see our latest tile projects and design ideas!

BROWSE OUR TILE SHAPES

Explore our website! Layers upon layers of tile have been curated and sorted by room and shape for your viewing pleasure.

BOOKMARK YOUR FAVORITES

Don't forget to save what you like best! The best way to keep all your inspiration in one spot is to start an idea book on Houzz or create a Pinterest board.

STEP TWO: *Define Your Project*

Project: _____

Style: _____

Tile Shape: _____

Colors: _____

Design Elements: _____

STEP THREE: *Measure Your Space*

TILE SQUARE FOOTAGE CALCULATOR

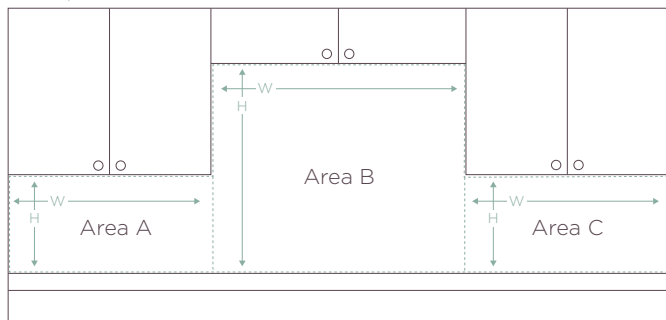

Measure the width and height of every area, labeling each area with a letter.

Multiply the width and height to find the total area in inches, then divide by 144 to find the amount of square feet needed for the area.

Be sure to measure every area that needs tile and add them together!

AREA A	Width ____ in. x Height ____ in. = ____ /144 = ____ sq. ft.
AREA B	Width ____ in. x Height ____ in. = ____ /144 = ____ sq. ft.
AREA C	Width ____ in. x Height ____ in. = ____ /144 = ____ sq. ft.
AREA D	Width ____ in. x Height ____ in. = ____ /144 = ____ sq. ft.
AREA E	Width ____ in. x Height ____ in. = ____ /144 = ____ sq. ft.

Example

Total AREA	= ____ sq. ft.
Overage (10%) <small>*20% for Moroccan Fish Scales</small>	= ____ sq. ft.
TOTAL TILE NEEDED	= ____ sq. ft.

STEP FOUR: *Talk to a Designer*

LET'S COLLABORATE

We have a team of personable, skilled designers ready to talk with you about your specific project!

Whether you know exactly what you want and just need help placing your tile order, or if you want to start from the beginning, we can walk with you through the process. Call, email or visit our website to request a free quote!

WE'RE PERSONABLE

As a small team of artisans from the Midwest, we're very easy to talk to! We work right from our studio where all of our tile is made by hand, so we're very in-tune with every step of the process.

STEP FIVE: *Make A Plan*

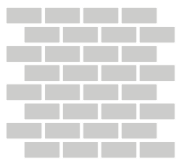

Task:	Due Date:	✓
		<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>
		<input type="checkbox"/>

Notes:

SKETCH IT

Have fun and do your best to draw out how you envision your dream space!

Popular Tile Shapes:

Subway Tile

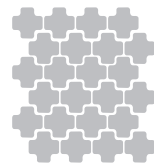

Moroccan Fish Scales

Diamonds

Hexagon

Moroccan Cross

Bubbles

It's time for your dream space!
If you can dream it, we can make it.
