**Notes**

Natural colours are prone to fading when exposed to light and heat when used in the product.  
Product is manufactured on a site that uses Soya, Egg  
Dairy and Gluten.

The glucose syrup is manufactured from wheat starch. As a result of the various processing and purification steps only traces of protein can be found in the product which contains the glucose syrup as only one of gluten contains ingredient. Total protein content is far below the 0.285% maximum set in Codex Standard 2.2.2 118-1981 and therefore the product which contains the glucose syrup as only one of gluten contains ingredient can be entitled as gluten free according to the current codex. Please note – due to complex and changing regulations, customers must satisfy themselves that any ingredient to be incorporated is permitted within the end product and also in all attended supply markets and complies with General Product Safety Regulations in end use.
