

EcoFlow 160W Solar Panel FAQ

1. What are the best operating conditions for the EcoFlow 160W Solar Panel

In order to increase the efficiency of the EcoFlow 160W Solar Panel, use it in direct sunlight, position it perpendicular to the sunlight, and make sure the solar panels are unobstructed.

2. Can I use the EcoFlow 160W Solar Panel indoors or inside a car

Yes, you can use the EcoFlow 160W Solar Panel indoors or inside a car, but doing so will affect the charging efficiency because the sunlight will have to pass through glass or other surfaces first.

3. How many EcoFlow 160W Solar Panels can I connect to RIVER?

You can connect one EcoFlow 160W Solar Panel with RIVER using the MC4 to XT60 Solar Charging Cable. You can connect up to 3 EcoFlow 160W Solar Panels with EF DELTA.
