HOMEWORK GUIDE

The purpose of this guide is to assist parents/carers and explain how Homework should be done in order for the student to gain the most from the program.

1. The sections to be completed as homework are indicated in the Study Booklets as Homework (usually in the last few pages).
2. Week 1 Homework will be collected by the teachers in Week 2 to take home for marking.
3. When the student receives the Week 2 Study Booklets, the Week 2 Study Booklets will have the model answers for the Week 1 Homework so that students/parents can refer to them if needed. When students receive the marked Homework, they are encouraged to review especially those that have been marked as incorrect.
4. The following week will follow the same process/cycle until the term ends.
5. If the students are having difficulty with a particular question, parents are encouraged to support and provide guidance.
6. If parents are not able to work out the questions either, parents are encouraged to ask their child to bring it to the teacher's attention so that the teacher can explain the concept and answer.
7. **Primary Students (Kindy to Yr6)** can also attend the free Homework Help available on:
