

# BANJO'S THINGS TO MAKE & DO

I love puzzles. And something that puzzles me is why I just have to pounce on things without warning. They must give out a signal saying "Please bosh me up in the air"!

Why not have a jump all over these words? They might run forwards, backwards, up, down or diagonally so make sure you look before you leap!

- STRING
- SLIPPERS
- RAFFIA MOUSE
- FALSE TEETH
- CONKER
- LEAF
- FEATHER
- SHADOW
- MY TAIL
- SHOELACE
- KNITTING
- SNOW
- FEET
- LOOFAH
- POMPOM
- MEATBALL

Have you every POUNCED on anything? You probably found your tail gave you the slip too! Say, why don't you draw me some pictures of your best pouncings so we can compare notes?
