# RECON

## FROM BEAT UP TO BRAND NEW!

**RECONDITIONING** IS THE PROCESS OF OVERHAULING, AND REFRESHING OLD, BEAT UP FACEMASKS TO BE WORN ANOTHER SEASON.

ALL FACEMASKS GET THE SAME TREATMENT FOR RECONDITIONING. THEY'RE **STRIPPED TO BARE METAL**, REMOVING THE OLD POWDER COAT. THEN, THEY'RE **INSPECTED** FOR BENDS, SPREADING, OR WELD BREAKS TO ENSURE IT'S SAFE AND ELIGIBLE FOR RECONDITIONING. WHEN DEEMED SAFE, THE FACEMASK IS **HAND DIPPED** IN A FRESH POWDER COAT AND **READY FOR GAME DAY!**

BEFORE

AFTER

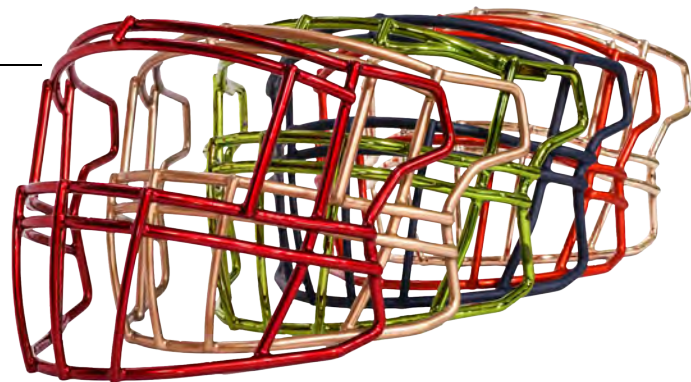

MEETS THE **NOCSAE STANDARDS** FOR DURABILITY AND THICKNESS

## WHEN IS IT TIME TO RECON?

### FACEMASKS DO NOT HAVE A SET LIFESPAN

IT ALL DEPENDS ON USE AND PASSING THE INSPECTION DURING RECONDITIONING. THEY COULD LAST 1 GAME OR MULTIPLE YEARS. HOWEVER, SIGNS OF WEAR AND TEAR TO LOOK FOR ARE **5 OR MORE** POINTS OF EXPOSED METAL OR A ROUGH AND TATTERED APPEARANCE.

RECONDITIONING IS ALSO A COST-EFFECTIVE WAY OF UPDATING YOUR UNIFORM. IT'S A GREAT OPTION FOR PLAYERS ON A BUDGET TO **CHANGE FACEMASK COLORS**.

### PRICING PER FACEMASK

2 - 10	\$20
