

Flexi Rib PVC Tube Matting

Features

With its embossed, slip-resistant surface and anti-fungal and anti-bacterial additives, Flexi Rib is the perfect mat for all sport and barefoot applications. Flexi Rib not only acts as an essential safety product, but also as an aesthetic and eye-catching addition to any wet area.

Flexi Rib is the ideal self-draining safety matting for all sports and leisure surroundings. It is made from specially formulated strong, flexible PVC, with uniquely channelled underbars for better drainage of large amounts of water.

Fungal infections caused by spores that are prevalent in warm, humid conditions are common in swimming pools, locker rooms and other sport facilities where people walk barefoot. Flexi Rib can help prevent the spread of fungal infection. Flexi Rib also raises you up slightly above the floor level, so any spillage will drain through where it can be cleaned later.

Available in roll lengths up to 10m in 910 or 1220mm widths, and in blue or grey.

Specifications

Composition	100% Flexible low toxicity PVC. Phenol free and classified according to AS2070-1999 and CFR21 as suitable for food contact.
Construction	Open grid. Tubular profile 28 x 5mm grid size.
Flammability	Classified as resistant to flame DIN 4102 part 1 Classification B2 Limiting Oxygen Index 20. Self-extinguishing.
Chemical	Resistant to alcohols, aliphatic hydrocarbons, most oils and acids.
Electrical	Dielectric strength Kv/13 Volume resistivity $\Omega\text{-cm}$ 1.2×10^{13}
Thermal	Functional -12°C to $+60^{\circ}\text{C}$.
Ultra-Violet Light	Resistant to PVC degradation.
Slip Resistance	Coefficient of friction (μ) Dry $\text{Tan } \phi = \mu 0.614$ Coefficient of friction (μ) Wet $\text{Tan } \phi = \mu 0.597$
Additional Benefits	Channelled underbars provide excellent four-way drainage.
Impact Resistance	At -12°C 1.5kg at 200mm.
