

Wheel Arch Flares

Disclaimers: Manufacturing tolerance of +/- 1-2mm. All images are a guide only. Sizes on screen and printed may vary depending on monitor and printer. (Created on an 85 pixel monitor)

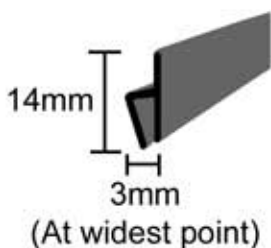

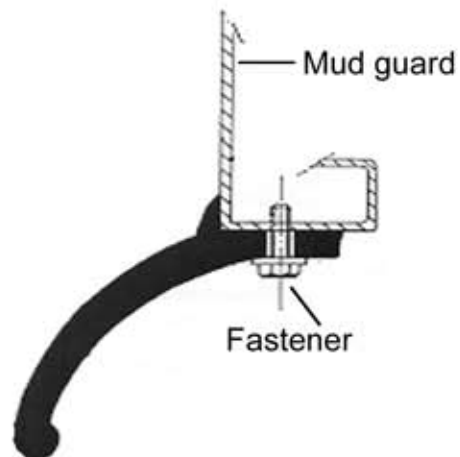

51-444

Side Mount Flare

51-462

Under Mount Flare

77-976

77-976 Fender flare edging is used to create a watertight seal between the fibreglass flare, bonnet scoop etc. and the metal guard on the body of the vehicle. The U-shape on the rubber goes over the fibreglass flare and the tail creates a seal against the body, as shown in the pictures
