

## Short shotgun microphone for boom pole and camera mount

- **Extremely sharp directivity in a 181.5mm length body**
- **Though total length only 181.5mm, it has very sharp direction and makes longer reach recording possible**
- **Only 80g in weight making it easier for operators to work in the field**
- **Popular in the market due to the compactness and high-quality performance**
- **Short shotgun mic is ideal for the camcorder mount and boom pole operations**

The CS-1e is Sanken's solution to a large demand from many engineers in the video and film Industries. This shotgun mic is easily hidden from the camera's view because of its short length. Although only 181.5mm, the CS-1e has very sharp directivity and provides excellent sound in a wide variety of professional engineering applications.

The CS-1e is very effective on boom poles, and also works extremely well with various kinds of camera mounts for one-man ENG operations. Affordably priced, the CS-1e is ideal for today's highly mobile operators.

### **Common specifications**

Directivity	<b>Super Cardioid / Lobar</b>
Transducer	<b>DC biased condenser</b>
Frequency range	<b>50Hz-20Hz</b>
Sensitivity (nominal at 1kHz)	<b>63.1mV/Pa (-24dB,0dB=1V/Pa)</b>
Equivalent noise level (A-weighted)	<b>15dB-A</b>
Max SPL (1% THD)	<b>130dB SPL</b>
Output impedance at 1KHz	<b>120 ohms</b>
Powering	<b>+48V±4V U.P.F</b>
Current consumption	<b>3.5mA</b>
Weight	<b>80g</b>
Dimensions	<b>181.5mm x 19mm(diameter)</b>
Surface finish	<b>matte black</b>
Connector	<b>XLR-3M</b>

## Included accessories

Included Accessories 01	<b>Urethane wind screen</b>
Included Accessories 02	<b>Measurement data</b>
Included Accessories 03	<b>Instruction manual</b>
Included Accessories 04	<b>Warranty card</b>
Included Accessories 05	<b>Vinyl case</b>
