

COLLAR BUYING GUIDE

Flat Collar

- Attach a Tag
- Attach a Leash

ALWAYS adjust to easily slip two fingers between the collar and the pet's neck.

Martingale Collar

- Loose Comfort Fit
- Snugs Up if Dog Pulls
- Won't Slip Off

ALWAYS adjust so that when pulled taught (at its smallest) two fingers slip easily between the collar and the pet's neck. To prevent choking NEVER use with a tie out.

Slip Collar

- Helps Manage Dogs that Pull
- Easy to Use
- Quick to Put On

NEVER leave a dog with a slip collar unattended! Can choke and cause neck, throat, and spine damage. Stopper strongly recommended. To prevent choking NEVER use with a tie out.

Prong Collar

- Helps Manage Dogs When They Risk Injuring Others

CAN CAUSE PAIN AND INJURY! Use responsibly. Proper placement is up behind the ears along the jawline. To prevent choking NEVER use with a tie out.

Gentle Leader

- Gentle Control
- Reduces Pulling, Barking, Lunging & Jumping

The nose loop gently keeps the dog's nose pointed in the direction you wish the dog to focus. The dog can still pant and bark and there is no pressure on the throat. To prevent choking NEVER use with a tie out.

Harness

- Comfortable
- Wrap Around the Chest and Abdomen

Many styles! Over the head, slip thru, step thru, no pull, front clip, back clip, dual clip, etc.
