Housing

Choose a glass aquarium or wire cage with secure lid/door. Set it in a quiet, non-drafty location out of direct sunlight where the temperature is consistent.

- If wire, 1/4" mesh square.
- If babies, 1/8" mesh square.
- If glass, secure mesh lid.

Bedding

- Base layer of wheat pellet litter.
- Thick layer of soft safe bedding on top.
- DO NOT use cedar or pine.

Food

- Water.
- 75% of diet - Formulated pellets.
- 20% of diet (1/2 tablespoon daily) - Fresh vegetables, fruits, and protein. (Romain lettuce, kale, parsley, peas, squash, apples without seeds, bananas, strawberries, egg whites, meal worms or crickets. Avoid leeks, chives & onions.)
- 5% - Treats.
- Omnivores - Can eat both plants & animal-based food.

Pet Facts

- Acrobatic, intelligent & fun to watch.
- Less likely to bite than a hamster.
- It takes time to tame them.
- Needs a buddy or a group.
- Can be left alone while you are working/at school.
- Can live 1-2 years.
- Fragile.
- Adopt two females or two males but know that males can fight.
- Breed very quickly. Know the sex when you buy!

How to hold your friend.

Helpful Pet Tips

- Hold them low to the ground in case they jump out of your hands.
- Clean their habitat & supply fresh bedding often.
- They like to forage, climb, dig, build tunnels & nests.

Must Have Supply List

- Habitat - 12" x 18" or bigger
- Food bowl
- Water drip bottle
- Fortified food for mice
- Hay - Oat and/or compressed Timothy
- A place to hide
- Climbing structure
- Chew toys
- Treats

Other Supplies We Love

- Toys
- Exercise wheel
- Chew features
- Untreated wood blocks
- Hiding huts & tubes
- Travel case
- Care book
