Housing

Choose a large, well-constructed habitat with a solid floor. Set it up in a well-ventilated but non-draft area near household activities. No wire floors.

Outdoor habitats require cooling mats for summer and heated mats/water bowls for winter.

Bedding

• Soft paper bedding.

Food

• Two or more fresh hay varieties.
• Fortified age-specific food.
• Water.
• Fresh veggies, tiny amount of fruit. (www.rabbit.org)

Pet Facts

• Can live 8-10 years.
• Affectionate. Have their own personalities. Bond closely with owner. Curious.
• Can be leashed trained.
• Can be litter box trained.
• Rabbits have fragile backs.
• Their teeth continually grow their entire lives. MUST have hay to chew their entire lives.
• They scare easily. Do not sneak up on them.
• Live longer if spayed/neutered.

How to hold your friend.

Helpful Pet Tips

• They like to work to find their food. Try hiding it.
• Unhappy rabbits thump. Happy rabbits leap & turn in the air (blinky).
• Rabbits hop! They need space to do so. A large play pen and/or outdoor time suggested. Supervise outdoors to protect from predators.
• Caution: They chew electrical wires, furniture, etc.
