

**We
Make
Good**

Beautiful Irish designed kitchenware, aprons and textiles, and cafe fit-outs by Ireland's leading social enterprise network

Design that changes lives.

Our design team will work with you to create beautiful, contemporary interiors and products that highlight your commitment to a fairer, more equal society.

Our products provide employment to skilled craftspeople from refugee, disability, prison or recovery backgrounds.

Including social enterprises in your supply chain shows your customers how you care for people and the environment.

We believe that products should look good, be well designed and stand for what we care about - a society that looks after people and the environment.

People are increasingly looking for assurance that your business shares their values. By working with us to tell a shared story of hope and kindness, your customers and staff can better understand what you stand for.

We provide bespoke design solutions including:

- Aprons
- Sandwich boards
- Menus & print
- Napkins
- Upholstery
- Wooden Boards
- Handmade Crockery
- Tables & Benches
- Plant Hanging Systems
- Table Numbers

We'd love to chat to you about any ideas you have.

Jobs in creation
for people from
disadvantaged
backgrounds

We represent over 15 Irish social enterprises

Our network of social enterprises aims to create 50 jobs and trainee roles over the next five years for people from disadvantaged backgrounds. We give people a hand up to create better lives for themselves, their families and communities.

Ethics, environment and people

We choose materials and processes that have a low environmental impact. We are ethical, sustainable and fair. We create change, value and impact in everything we do.

“Delighted to have worked with We Make Good on our stunning linen aprons. Together we bought our care for quality, ethically produced products out of the kitchen and into the dining room.”
