

Laura Nelson, owner of Sew Nice developed this pattern and demonstrates creating the prototype pillow in the corresponding video found here- <http://www.youtube.com/watch?v=OEchWajH7s0>

The **Octahedron Pillow** is a uniquely shaped pillow with eight equal sides and six points. This pattern will make a 12" tall pillow.

Medium weight drapery fabrics work best for this pillow. Interlining is suggested for very lightweight fabrics. Non-directional designs or solid fabrics are best. Stripes and plaid fabrics are not recommended.

YARDAGE

With so many fabric widths and repeats available today, we find it works best to provide the actual pattern piece dimensions so that you can determine the best fit on your fabric.

Pattern piece dimensions:

2 cuts - 29.5" wide x 26" tall

Yardage estimate:

3/4 yd (using 54" wide fabric, and nesting cuts with one upside down as shown in video)

or

1yd (using 54" wide fabric, railroaded)

Optional trim or welting:

2.5 yds
