

Basic Pleated Swag

9206

15" Depth

The swag patterns have a range of **30" to 54" wide** and will hang **15" deep**, with five pleats. **There are no swag alterations beyond these sizes.** A chart is included for windows needing multiple swag sections.

The **jabot** is 10" wide on the face of the board, and **30" deep**. It can be altered for any depth. The jabot has three pleats, plus a kick pleat at the corner. The elegant **6" Classic Rosette** pattern is included.

Fabric Suggestions: Stay away from bulky fabrics. Soft fabrics are best. The jabots should line with a self or contrast fabric. The swags can be lined with a regular drapery lining. The Rosette works well with both medium and lightweight fabrics, however soft fabrics will need an interfacing or interlining.

YARDAGE

With so many different fabric widths and repeats available today, we find it works best if we give you the actual pattern sizes so you can determine how they will fit on your fabric. If your fabric is not as wide as the pattern, you will need to allow more fabric for piecing.

The jabot pattern is 47" wide x 34" deep.
