

Turban Swag

9225

A single swag section can be 22" or up to 54" wide x 18" deep. The overlap amount is your choice. Usually a 24" overlap is needed for wide swags. Small sizes need only about 18". The chart below shows the pattern size for one single swag. The turban rosette pattern is included. The rosette finishes 8".

Fabric Suggestions: Stay away from bulky fabrics. Soft fabrics are best. Vertical stripes are not a good choice, as the stripes will not hang straight. Horizontal stripes are effective. Line the swag with a drapery lining. The rosette works well with both medium and lightweight fabrics, don't use anything overly bulky.

YOUR SWAG SIZE

When using two swags, add your overlap size to the board measurement, then divide by 2. That would be the size to make each swag.

YARDAGE

With so many different fabric widths and repeats available today, we find it works best if we give you the actual pattern sizes so you can determine how they will fit on your fabric. If your fabric is not as wide as the pattern you will need to allow more fabric for piecing.

Upright or Lengthwise Cut (For a lengthwise cut the width measurement will run with the selvage)

22" wide swag.....	The pattern is.....	41" wide x 44" deep
30" wide swag.....	The pattern is.....	49" wide x 44" deep
38" wide swag.....	The pattern is.....	54" wide x 44" deep
46" wide swag.....	The pattern is.....	62" wide x 44" deep
54" wide swag.....	The pattern is.....	70" wide x 44" deep

Same amount of lining will be needed.

Each rosette needed will take two square cuts @ 14".

If you need more than two swags on larger windows, our pattern 9205 *Basic Pleated Swag 18" Depth* will coordinate well for the middle swags.

Use any size you wish for your finished turban swags. The amount left between the turban swags, plus two overlap sizes will be your finished swag size for the middle swag.

All swag sizes must stay within the range given for the patterns.

Yardage for trims:	Each 22" swag.....	41"
