Same amount of lining needed.

You will also need **3 strips of fabric:**

- 2 @ 7" wide x length of box springs, plus 1 1/2"
- 1 @ 7" wide x width of box springs, plus 1"

It is best if this fabric is the same as the dust ruffle, but lining can be used if necessary.

Sew-on loop tape is needed for the dust ruffle. Adhesive hook tape is needed for the boxesprings, sides and foot.

If a trim is used, or if you wish to railroad the fabric, the flat cut width of the dust ruffle is:

Twin - 334"	Queen - 365"
Full - 349"	King - 386"
