

Parisian Raised Swag

18" Depth

9279

This French design has delicate scallop edges. For easy installation, all pieces attach to decorative holdbacks. The swag width measurement should be taken as shown. Then divide by 2 (It takes a pair of swags to complete the design). That is the swag measurement to use on the pattern. **Swag width sizes are 18" to 30"**. Which means you can fit windows 36" to 60". Alterations are not recommended. Install the outside holdbacks at least 3" above the window to eliminate the window frame from showing at the lowest droop area. The middle holdback installs 8" higher than the outside holdbacks. **The center tail hangs 24" deep.** The **jabot hangs 38 1/2" deep** and offers a return. Alteration instructions are not included.

Fabric Suggestions: Fabric should be at least moderately soft. Reasonable bulk is not a major problem. Stripes can work for the swag but is not a good choice for the jabots and tail. The swag can be cut upright or lengthwise. The jabots and tail will need to have a self or contrast lining. The swags can have a regular drapery lining. Optional cord instructions are included. Do not use stiff or large cord. They will destroy the small delicate scallops. A good choice for cord is **Conso® 60008 4/32"**. Very short fringe is also a good choice for trim. Any trims would need to be able to curve. Four 16" lengths of 1/4" ribbon will be needed to tie some areas to the holdbacks. The ends of the swags will attach with tabs, or you can use two 8" lengths of 1 1/2" wide ribbon (instead of the tabs). The ribbon color should match the fabric or the holdback post.

YARDAGE

With so many different fabric widths and repeats available today, we find it works best if we give you the actual pattern sizes so you can determine how they will fit on your fabric.

30" wide swag	38 1/2" wide x 29" deep
24" wide swag	32" wide x 28 1/2" deep
18" wide swag	28" wide x 28 1/2" deep
Jabot	29" wide x 44 1/2" deep
Tail	17" wide x 29 1/2" deep

Same amount of lining will be needed.

Yardage for Trims	Each 30" swag	63"
Trims must be	Each 24" swag	57"
able to curve.	Each 18" swag	53"
	Each Jabot (bottom only)	61"
	Each Tail (bottom only)	35"

More detail information about yardage and alterations is given inside packet.
