Elegant Drapery Swags

"Convertible Box Pleat" Side Panels

<div align="right">9311</div>

This swag is designed to be placed in front of a drapery. It can actually be attached to the drapery or it can hang to the same rod with its own rings. The bottom center of the swag has the option of a curve or a point. **The swag comes in sizes 14" to 30" wide and has a depth varying from 23 1/2" to 25".** With the point, depth will be 2 1/2" deeper. The swag sides are cut to have a "tail" effect. The tails hang 29" deep. The entire swag is cut as one piece. **Any necessary seams will not be hidden**. Alteration instructions are included.

The lined **side panels have Inverted Box Pleats** that are left open at the top. Crinoline (also called buckrum) is not used across the header. The buttons used are simply decorative (not funtional).

Fabric Suggestions: The swags will not have fabric bulk problems. Soft fabric works best. Stripes give an interesting effect, but will hang at angles. Swags must be self or contrast lined.

Photo Cover: For retail, items are available through **M'Fay Patterns**®.

YARDAGE

If the fabric is not as wide as the pattern, seams will have to be made. **Seams will not be hidden**. In that case, determine if you can cut the fabric lengthwise (railroad).

With so many different fabric widths and repeats available today, we find it works best if we give you the actual pattern sizes so you can determine how they will fit your fabric.

	Upright Cut	Lengthwise cut
14" to 18" swag .... the pattern is	52" wide x 28" deep	28" wide x 52" deep
20" to 24" swag .... the pattern is	56" wide x 28" deep	28" wide x 56" deep
26" to 30" swag .... the pattern is	62" wide x 28" deep	28" wide x 62" deep

Same amount of lining will be needed. Also, Same amount of interlining (optional).

CONVERTIBLE BOX PLEAT SIDE PANELS

One width at each side of the window will suffice for windows up to 100" wide. Use 1 1/2 widths at each side reaching 150". Beyond that use two widths to each side.

Drapery Fabric .... 16" longer than finished length
Lining .... 5" longer than finished length
Interlining (optional) .... 2" longer than finished length

Trims for Swag: (Bottom only)
Trims must be able to curve.

	Curve Bottom	Point Bottom
14" to 18" swag	52"	54"
20" to 24" swag	56"	58"
26" to 30" swag	62"	64"
