OFYR® MANUAL BUFFADOO SET

THANK YOU SO MUCH FOR BUYING AN OFYR® PRODUCT. THIS MANUAL CONTAINS SETUP INSTRUCTIONS, WARRANTY CONDITIONS, AND ADDITIONAL INFORMATION ABOUT OUR BUFFADOO SET.

Buffadoo set

The OFYR® Buffadoo is a rust-coloured set consisting of a standard holding a blowpipe and a wood poker. The blowpipe is intended to add oxygen when lighting a fire or adding new wood to an existing fire, causing the wood to catch fire quickly and almost entirely eliminating smoke formation. However, a key element in this is the use of properly dried and suitable wood. The wood poker is intended to shift pieces of wood and coals. When the flames burn very high we recommend wearing heat-resistant gloves in combination with the poker. We are not liable. Please note that the poker in the Buffadoo set is not suitable for turning pieces of food cooking on the cooking plate. Please use one of our OFYR® spatulas or tongs for this purpose instead.
