

Immune & Seasonal Support

Immune & Seasonal Support is made with herbs that soothe and support the respiratory system, gently promote sweating, and help activate the immune system's healing response in the body.

The immune system is a network of cells, tissues, and organs that work together to protect health. Certain herbs are particularly helpful to support the immune and respiratory systems. Immune & Seasonal Support is based on herbs used for centuries in Europe, Asia, and the Americas that work synergistically together to gently activate immune response. Elderflower and peppermint leaf help activate the healing response. Yarrow flower helps promote sweating and clear excess fluids.

Astragalus root, from China, activates and strengthens the immune system. Lemon balm leaf soothes the digestive and respiratory systems. Ginger root soothes the throat, and supports the digestive system. Lavender flower relaxes and calms the nervous system.

This great tasting herbal formula is easy to use and has no alcohol and no artificial ingredients. In those seasons when the immune system needs extra support, this all-natural herbal formula gently promotes sweating to help eliminate toxins from the body, soothes and supports the respiratory and digestive systems, creates a mild expectorant action to help clear the airways, and works with the metabolism to activate the healing response of the body.*

INGREDIENTS: Vegetable Glycerin, Purified Water, Peppermint Leaf, Elder Flower, Yarrow Leaf/Flower, Astragalus Root, Lemon Balm Leaf, Ginger Root, Lavender Flower.

SUGGESTED USE: 1/4 teaspoon (1.23 mL) 1 to 3 times a day, or as needed. May take 1/8 teaspoon every 15 to 20 minutes with a glass of water until the need passes, then reduce frequency. Shake Well. This formula can be used by people of all ages for 1-3 weeks at a time.

BODY SYSTEM: Respiratory, Immune (Activating/Protecting)
