Naturopathic Medicine - Informed Consent

Naturopathic medicine is the treatment and prevention of diseases by natural means. Naturopathic doctors assess the whole person, taking into consideration physical, mental, emotional and spiritual aspects of the individual. Your ND will take a thorough case history and perform a relevant physical examination. It is very important that you inform your naturopathic doctor of any medical concerns or medication and supplements you may be taking. Please advise your ND if you are pregnant, suspect you are pregnant or if you are breast-feeding. As a patient you will receive information about your diagnosis and/or treatment, alternative courses of action, the material effects, costs, expected benefits, risks, side effects and in each case the consequences of not having the diagnosis and/or treatment acted upon. As with any form of medical intervention there can be health risks associated with treatment by naturopathic medicine including acupuncture. By initialing next to each statement, you acknowledge your understanding of the associated risk and grant permission to proceed. Possible side effects of naturopathic medical care include:

- Aggravation of pre-existing symptoms
- Allergic reactions to supplements or herbs
- Pain, bruising or injury from acupuncture
- Fainting or puncturing of an organ with acupuncture needles

I understand that a confidential record will be kept of the health services provided to me. This record will be kept confidential but if required, I understand that my naturopathic doctor may discuss my case with other healthcare providers. I understand that I may look at my medical record at anytime and can request a copy of my file with a fee of \$0.10 per page. I understand that information from my medical record may be analyzed for research purposes and that my identity will be protected and kept confidential.

I understand that the results are not guaranteed. I do not expect the naturopathic doctors to be able to anticipate and explain all risks and complications. With this knowledge, I voluntarily consent to Naturopathic care and I intend for this consent form to cover the entire course of treatment. I understand that I am free to withdraw my consent at any time.
