

TRUEGARD R&O
HYDRAULIC OILS

PRODUCT DESCRIPTION

TRUEGARD R&O HYDRAULIC OILS are single inhibited hydraulic oils designed for use on low pressure, light duty hydraulic equipment. Applications include forklifts, air tools, and light duty presses.

TRUEGARD R&O HYDRAULIC OILS are made from only the highest quality virgin oils. Improved oxidation resistance, rust protection, and anti-foam properties result in a series of outstanding light to medium duty hydraulic oils.

TYPICAL PROPERTIES

	#68	#100
ISO Grade	68	100
SAE Grade	20	30
Viscosity, SUS @ 100 F	350	520
Flash Point, F	400	400
Pounds/Gallon	7.4	7.5
Copper Corrosion (3 Hrs. @ 210 F)	None	None
Demulsibility	Pass	Pass
Steel Corrosion Distilled Water Seawater	Pass Pass	Pass Pass
Foam Test, ASTM D-892 Foam, ml (10 Minutes)	None	None
