

# Recipe : Creamy Banana Milkshake

Total Time: 30 minutes

## Ingredients :

1 Cup White School Glue

Banana Fragrance Oil

1 bag of K.S.C. Dandelion Clay

K.S.C. "Pink Party" Faux Sprinkles

1 bag of Daiso. White Clay

Cookie Charm

1 TBS of any lotion

Banana Charm

Vanilla Fragrance Oil

ACTIVATOR : Adult Supervision Recommended. Dissolve 1 tsp of Borax powder into 1 cup of hot water. Stir until all borax has been dissolved

# Kawaii Slime Company

## Directions:

Add Glue, Lotion and a small amount of fragrance oil into a bowl and mix.

Add approximately 4 TBS of Activator solution into bowl and thoroughly mix until Slime starts to form, then knead with your hands until a slightly stiff Slime is formed.

Once Slime is formed, break into two separate pieces. Add yellow clay to one Slime piece and the white clay to the other piece and mix each piece until thoroughly combined. You may need to add a touch of activator during this stage to keep the Slime from softening too much.

Once you have achieved a Creamy, Buttery Slime consistency add half of the yellow Slime and half of the white Slime into the jar of your choice, layering the Slimes to achieve a swirled effect. Finish by topping your Slime with the faux sprinkles and the cute charms!

Tips : Add Activator slowly and knead really well before deciding if you need more.
