Corporate image is very important in modern day business. We can help you kit out your staff to give your company the professional edge.

We can offer hundreds of different styles and products with your logo on. So if you cannot see what your looking for please ask and we can assist you to find what you need.

There is no limit to the type of logo's we can print. Whether you have a simple text heading or a complex design, it can be done.

We can print the design/logo's on various places on garments, the front and back body sections or on the sleeves. You will see under each garment the cost of printing in those places. Printing is not limited to one logo, if you need a selection of names/logos its no problem.

The variety of colours for garments and logo printing are endless. Your clothing will be designed to your companies needs.

Once decided on what you would like to order and know the prices please contact us with your designs, logos and ideas. We will then confirm your order and pricing with you.

The designs will then be drawn up for you so you can check them over before the order is produced, this is to check you are 100% satisfied with how your garments will look.

The prices in the information are for standard colour lettering and print. If you would like something extra special we can do this for you. Just have a look and see what special print you like and we can advise what extra costs are involved if any at all!

If you cannot find what your looking for please ask as we are able to supply over 400 different garments.

- Fun / Promo Capes

Bored of the same old ideas for group trips, Hen/Stag parties? Why not have custom made capes, designed to make your group really stand out.

You can have literally anything you want printed on the capes, photos, logos, any text etc. You can have individual names and slogans to personalise them even more. Capes start white in colour and are dye sublimated with your designs, so no need to worry that we don't stock your colour!

The capes are made from lightweight material which make them blow in the wind. They are popped at the front part of the cape which goes around your neck. They're one size fits all but come in two styles, either the curved bottom or the pointed bottom. Please advise us which style you would like when ordering.

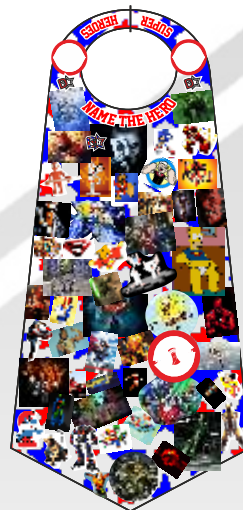

Get your ideas together and use the design sheets to draw up your ideas. Then email them across to us with any logos/names and information that we will need.

Pricing is simple!
